## Communists In Organized Labor

CHIEF SPY Allen Dulles said recently Communists have definitely infiltrated the organized labor movement in the U. S.

This news probably won't shock anyone very much, we're ashamed to say. Sen. Karl E. Mundt won-

Dulles

Mundt

tered the other day if possibly Communists had not wormed their way into the unions at Cape Canaveral.

Remembering some of the miserable failures, we wonder too.

IN LONDON a few days ago the High Court ruled that the Elec-

trical Trades Union in England has been managed and controlled by the Communist Party to serve its own ideals; and that there was a conspiracy to prevent the election of a non-Communist general secretary.

One British newspaper commented, "The disturbing feature is not that unscrupulous fanatics succeeded in controlling the union, but that they remained in control for years after the essential facts had become public knowledge . . ."

APATHY toward communism is appalling here as well as in England.

The case in England emphasizes the need for legislation to insure that unions fulfill certain requirements in the conduct of elections; that security clearance be required of workers at the Cape; that Communists be forbidden by law from holding positions of union power in the U. S.
